Location: New York City (NY), USA

Material: Statuario Caldia® honed

Thickness: 2 and 3 cm

Size: CTS

Quantity: Approx. 1,300 m²

Zaha Hadid's international portfolio is largely defined by graceful curves inspired by nature. She brought this sensibility to 520 West 28th Street, an 11-story luxury residential building located in Chelsea right on the High Line. Anchored at street level by a series of high-end art galleries, the collection of residences at 520 West 28th represents Zaha Hadid's vision for modern living.

The MGI Group supplied Statuario Caldia® marble, chosen to contrast the Nero Marquina featuring wall. Materials that become key ingredients to the modern bathrooms, thanks to their unique ability to bring brightness and sparkle, adding value and prestige. Truly a classy choice.
